

PATERSON GOLF CLUB

EST 1994 | #HOME OF THE KING PARROT

Course Status Statement

Issued: Thursday 28th April 2022

Dear Members & Guests,

Course Status

Paterson Golf Club will remain closed until further notice.

The ongoing rainfall has resulted in the course being both unplayable & challenging to operate maintenance machinery without causing significant damage. Whilst the recent rainfall hasn't been severe, the course is saturated & only minimal rain has a major impact.

Paterson Golf Club Committee will continue to monitor the status of the course & aim to reopen as soon as practical, however, given the current forecast models, it's anticipated the course may remain closed for an extended period.

Open Competition Schedules

The weekly open Saturday competition calendar will be adjusted at a later date to fit in our key events throughout the season including the 2021 & 2022 Match Play Championships, Skins Round 5 & Final, 2-Person Ambrose Championships & 2BBB Bob Murphy Cup. It's likely these events will need be compressed tightly into the usual monthly programs to ensure they are able to be completed throughout 2022.

Further information on both the course status & competition schedules will be provided in due course. Paterson Golf Club thanks our members for their understanding throughout this difficult period.

On behalf of,

Paterson Golf Club Committee
